

nCrypted Cloud

Secure Sharing and Collaboration Beyond the Firewall

The integration between nCrypted Cloud and EgnYTE gives enterprise admins the ability to stay in full control of all corporate data, users, and devices. Through seamless EgnYTE integration, nCrypted Cloud makes it easy for business end users to secure data with end-to-end encryption, set sharing permissions, collaborate efficiently, and view auditing statistics for all corporate data, ensuring compliance with regulatory and business requirements.
